EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Wechkin (42,216) on March 22, 2008.

The application has been amended as follows:

In the Claims:

In Claim 1, in line 6, after 'amount', please insert --, wherein setting the estimated diameter sets the estimated diameter to the distance traveled whenever the identified distance traveled is greater than the current estimated diameter--.

Please cancel claim 2.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: The examiner agrees with applicant's arguments found in the remarks 01/09/2008. Particularly emphasis is placed on the element of the "estimated diameter" and the functionality seen in the following limitations:

"identifying a distance traveled from the received message;

setting an estimated diameter based on the identified distance traveled amount, wherein setting the estimated diameter sets the estimated diameter to the distance traveled whenever the identified distance traveled is greater than the current estimated diameter;"

This subject matter is not found in the prior art, nor is it obvious in view of the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Examiner Comments

3. The objection to the abstract is withdrawn based on the replacement abstract.
4. The new title is accepted by the examiner.
5. The rejection of claim 6 under 35 USC 112, second paragraph, is withdrawn based on applicant's amendment.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DAVID LAZARO whose telephone number is (571)272-3986. The examiner can normally be reached on 8:30-5:00 M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Saleh Najjar can be reached on 571-272-4006. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
